* Owing to the Commonwealth Government having discontinued the distinction between the State production and that of the other States of the Commonwealth, it is now impossible to show the overseas destination of locally produced exports in this table, as shown previous to the year 1911. In the case of the Interstate Transfers, however, the value of local produce exported to each State of the Commonwealth is shown in the Summary of Table No. 11, page 70.

** Merchandise of Australian origin previously exported and now returned to this State.

* It will be noticed that in several instances the Departmental Totals of Revenue and Expenditure are not identical with the Treasury Amounts published under corresponding headings in Part II., "Public Finance." In explanation it must be stated that the figures supplied by the Treasury represent the actual amounts received and expended within the period under review, whilst the Departmental Returns include all amounts directly relating to that period, although not entered or not paid until after its expiration.

* The figures for these years relate exclusively to the manufacture of gas. In previous years it had not been practicable to exclude those relative to the distribution of gas. † Increase only apparent, owing to the necessity, for this special year, to include engine power employed in another industry.

* Exclusive of cost of Administration. † By "The Assisted Schools Abolition Act, 1895," all grants-in-aid to these were abolished from the 31st December of that year. Thereafter these schools ranked as "Private" schools, as distinguished from "Government" Schools. The figures thence onwards include all private schools, secondary as well as primary. The average attendance, and, consequently, the percentage of attendance to enrolment at these schools for subsequent years, is partly estimated, some of the returns forwarded being obviously incorrect. ‡ Not ascertained for the previous years shown. § Including Schools closed during the year. a Year ended 30th June.

NOTES.—*Denominations.*—When two or more Religious Denominations authorise the same Instructor or Instructors to give religious instruction, the children who attend such instruction are entered in the Records and Returns as if each denomination formed a separate and distinct class.

* For convenience sake, the heads of the Methodist, Presbyterian, Congregational, and Baptist Churches have agreed that clergymen belonging to any one of these denominations may be considered as the authorised delegate of the other three. Therefore, the attendance by a clergyman is credited to the denomination whose Minister imparts instruction. † Special religious instruction has been given in 363 distinct schools.

B.—GENERAL RELIGIOUS INSTRUCTION.

* On 31st December. ^a From the first settlement of the colony up to the year 1837 there were no Blue Books issued, and the figures relating to arrivals and departures, shipping, imports and exports were taken either from the reports of the Harbour Master at Fremantle or from the Perth newspapers of that period. From 1838 to 1859, inclusive, the Blue Books give only the excess of arrivals over departures, or *vice versa*. ^b No records obtainable. ^c The figures for 1863 and subsequent years are for the year ended 30th June. ^d Exclusive of figures relating to Unclaimed Depositors' Fund, which for previous years have been included, but including figures relative to the Schools Savings Bank, which provision did not previously exist. ^e Departmental figures. ^f On 30th June.

* Records of Outward Shipping for several years are not available, and for such years, therefore, the same figures are shown as for Inward Shipping. Where, occasionally, the correct Outward figures have been found recorded, they naturally clash with the system adopted for the other years.
^a Total Gold Export is included in Table No. 3, "Gold Production," pages 6 and 7, which comprises gold received at the Perth Mint.
^b The exports up to the year 1894 consisted only of supplies to shipping, of which no record was kept.
